

EASYBAR LIQUOR DISPENSING SYSTEM ONE- AND TWO-STATION CONFIGURATION

EASYBAR LIQUOR DISPENSING SYSTEM

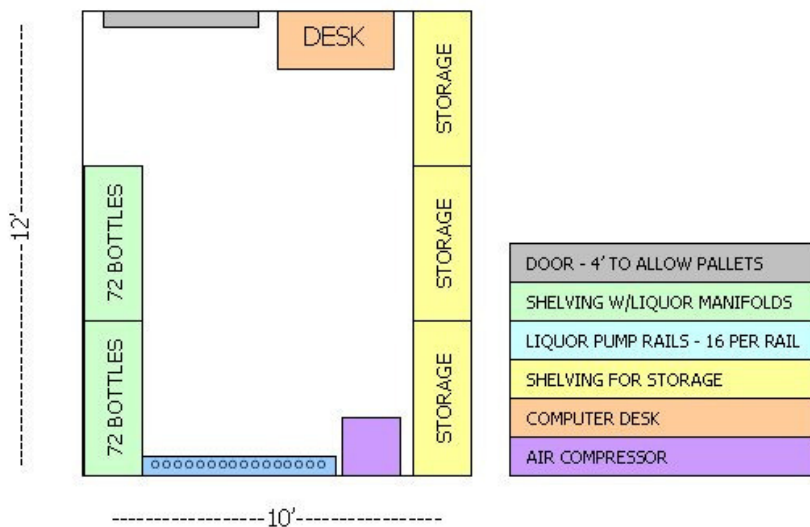

LIQUOR ROOM CONFIGURATION

Easybar manifolds are modular and can be connected for any number of bottle backup.

The above picture shows five sixteen-pump rails mounted near the bottle reserve.

This diagram shows suggested layout for a thirty-two brand liquor system in a 10' x 12' liquor room. Each blue pump rail represents up to five pump rails.
